

ABOUT US

Yapichem Kimya Sanayi A.Ş. Chemicals was founded in 2011, by a team of professionals with vast experiences in the construction chemicals business; to provide affordable and high quality chemicals to the construction industry. By it's state of the art laboratory and R&D facilities, Yapichem is able to cater to its customers' specific needs by producing tailor-made, high performance products for each customer and project.

Yapichem sees its customers as long term business partners and is dedicated to increase the quality of their products while reducing their production costs. Yapichem's seasoned team of technical staff and engineers work together with the after sales support team to satisfy customer needs to the full extend.

Yapichem Kimya Sanayi A.Ş. is dedicated to full customer satisfaction with utmost care and respect to the community, employees, suppliers and environment.

Yapichem Kimya Sanayi A.Ş.'s construction chemicals products are divided into 5 main product groups according to their areas of usage:

ARSTEP // Concrete Additives- Midrange and Super Plasticizers

DEGASET // Concrete Additives- New Generation Super Plasticizers

ARSET // Special Concrete Admixtures and Complementary Products

ARCEM // Cement Additives

YAPIFINE // Construction Chemicals

Concrete Lab

Products Tailor Made To
Customer Needs

Extensive Concrete Trial
Experience And Data

Cement Lab

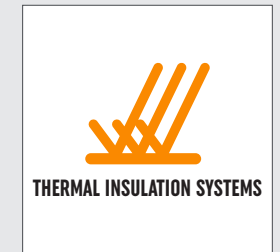

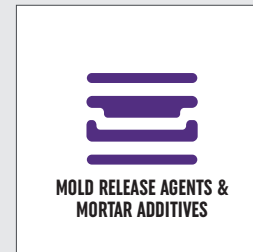

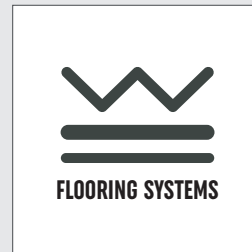

Investment In Continuous R&D

The Advantage Of Semi-Product
Formulation Know-How

R&D Lab

HEAD OFFICE

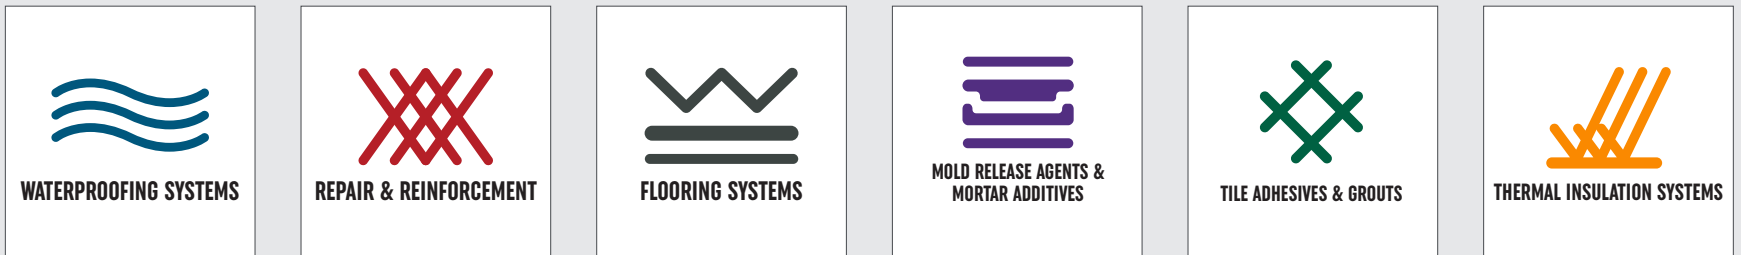

Barbaros Mah. Ihlamur Sok. Ağaçlı My Office K: 13 D: 56-57 PK: 34746 Ataşehir - İstanbul / TURKEY
T: +90 216 593 14 00-01 F: +90 216 593 41 74

MAIN FACTORY

Tuzla Kimya Sanajicileri O.S.B. Melek Aras Bulvarı Aromatik Cad. No: 27 PK: 34956 Tuzla - İstanbul / TURKEY
T: +90 216 593 31 57 F: +90 216 593 03 61

YAPIFINE

- Cement Based Products
- Crystalline Products
- Acrylic Based Products
- Bitumen Based Products
- Polyurethane Based Products
- PVC Membranes
- Bitumen Membranes
- Sealant Products

- Cement Based Products
- Epoxy Based Products
- Primers

- Cement Based Surface Hardeners
- Cement Based Screeds
- Epoxy Based Floor Coating Products
- Polyurethane Based Floor Coating Products
- Cure Materials

- Mold Release Agents
- Mortar Additives

- Cement Based Tile Adhesives
- Cement Based Grouts

- Primers
- Cement Based Adhesives
- Cement Based Plasters
- Decorative Plasters

WATERPROOFING SYSTEMS

Waterproofing and sealant products offer a wide range of solutions designed for different areas of usage that protect structures from negative impacts of water and moisture while improving durability and provide lifecycle extension.

Cement Based Products

- Yapifine Hydra Proof Two Component Semi-Flexible Waterproofing Material
- Yapifine Hydra Proof Flex Two Component Full Flexible Waterproofing Material
- Yapifine Hydra Proof UV Two Component UV-Resistant Full Flexible Waterproofing Material
- Yapifine Hydra Shock Water Plugging Mortar

Crystalline Products

- Yapifine Hydra Crystal Cement Based Crystallized Waterproofing Material

Acrylic Based Products

- Yapifine Hydra Acrylic Elastomeric Acrylic Resin Based Flexible Waterproofing Material
- Yapifine Hydra Acrylic UV Elastomeric Acrylic Resin Based Super Flexible UV-Resistant Waterproofing Material

Bitumen Based Products

- Yapifine Hydra Bitumen Bitumen Based Waterproofing Material
- Yapifine Hydra Bitumen 2C Bitumen Based Two Component Waterproofing Material
- Yapifine Hydra Bitumen PU 2C Bitumen-Polyurethane Based Two Component Liquid Waterproofing Membrane

Polyurethane Based Products

- Yapifine Hydra PU UV Polyurethane Based Liquid Waterproofing Membrane
- Yapifine Hydra PU Clear Polyurethane Based Transparent Liquid Waterproofing Membrane
- Yapifine Hydra Serum Polyurethane Based Injection Resin
- Yapifine Hydra PU Prime Polyurethane Based Primer
- Yapifine Hydra PU Tile Prime Polyurethane Based Non-Porous Surface Primer

PVC Membranes

- Yapifine Hydra PVC Membrane PVC Membrane
- Yapifine Hydra PVC Membrane Roof Polyester Reinforced Roof Membrane
- Yapifine Hydra PVC Membrane WP UV Resistant Water Pool Membrane

Bitumen Membranes

- Yapifine Hydra Bitumen Membrane Band Aluminum Foil Coated Bitumen Membrane
- Yapifine Hydra Bitumen Membrane Easy HDPE Coated Bitumen Membrane

Sealant Products

- Yapifine Goop LM Polyurethane Based Sealant
- Yapifine Goop HM Polyurethane Based Sealant
- Yapifine Goop Hybrid Hybrid Polymer Based Sealant
- Yapifine Goop Ultra Tack Hybrid Polymer Based Adhesive Sealant
- Yapifine Goop Putty Polyurethane Based Thixotropic Joint Putty
- Yapifine Goop Putty TX Polyurethane Based Thixotropic Joint Putty
- Yapifine Goop Dilatation TPE Dilatation Tape
- Yapifine Goop Puff Sealing Tape
- Yapifine Goop Pah Flexible Waterproofing Tape

YAPIFINE

REPAIR & REINFORCEMENT

High performance products that are specially developed for surface preparation, repair and reinforcement of concrete.

FLOORING SYSTEMS

High performance flooring systems that provide special solutions for a variety of applications and surface conditions.

Cement Based Products

- Yapifine Mend 10 Thin Repair Mortar - R2
- Yapifine Mend 20 Thick Structural Repair Mortar - R4
- Yapifine Mend Power Thick Structural Repair Mortar - R4
- Yapifine Secure Non-Shrinking Fluid Grout Mortar - R4
- Yapifine Secure Fast Rapid Setting Non-Shrinking Fluid Grout Mortar

Epoxy Based Products

- Yapifine Mend Epoxy 2C Epoxy Based Repair, Anchorage And Fitting Mortar
- Yapifine Secure Epoxy 3C Epoxy Based Grout Mortar

Primers

- Yapifine Uni Prime Universal Primer
- Yapifine BC Prime Exposed Concrete Primer

Cement Based Surface Hardeners

- Yapifine Base Quartz Quartz Aggregate Surface Hardener
- Yapifine Base Corundum Corundum Aggregate Surface Hardener
- Yapifine Base Mix Quartz and Corundum Aggregate Surface Hardener

Cement Based Screeds

- Yapifine Base SL Self Levelling Screed
- Yapifine Base SL Prime Floor Primer

Epoxy Based Floor Coating Products

- Yapifine Base Epoxy Power Solvent Free Epoxy Based Self Levelling Floor Coating
- Yapifine Base Epoxy Garage Solvent Free Epoxy Based Textured Floor Coating
- Yapifine Base Epoxy Prime Solvent Free Epoxy Based Primer
- Yapifine Base Epoxy Prime H Solvent Free Humidity Tolerant Epoxy Based Primer

Polyurethane Based Floor Coating Products

- Yapifine Base PU Two Component Polyurethane Based Self Levelling Coating
- Yapifine Base PU Alf UV-Resistant Polyurethane Based Top Coating Material

Cure Materials

- Yapifine Cure ACR Curing Agent

YAPIFINE

MOLD RELEASE AGENTS & MORTAR ADDITIVES

Performance enhancing auxiliary products that are used in construction sites.

TILE ADHESIVES & GROUTS

High performance tile adhesives and grouting materials developed for indoor and outdoor applications.

Mold Release Agents

Yapifine Lub 10 Mould Release Agent

Mortar Additives

Yapifine Latex Adherence & Waterproofing Admixture

Yapifine Crystal Crystallized Waterproofing Concrete Admixture

Cement Based Tile Adhesives

Yapifine Ceramic Tile Adhesive Mortar - C1T

Yapifine Granite Granite Ceramic Adhesive Mortar - C2TE

Yapifine Granite Flex Flexible Granite Ceramic Adhesive Mortar - C2TES1

Cement Based Grouts

Yapifine Joint Tile Grout Mortar (1-6 mm) - CG1

Yapifine Joint Flex Silicone Added Flexible Tile Grout Mortar (1-6 mm) - CG2WA

THERMAL INSULATION SYSTEMS

External thermal insulation systems designed for increasing energy efficiency and thermal comfort of structures.

Primers

Yapifine Cool Prime Decorative Plaster Primer

Cement Based Adhesives

Yapifine Cool LY Adhesive Mortar For Thermal Insulation Panels

Cement Based Plasters

Yapifine Cool SH Thermal Insulation Plastering Mortar

Decorative Plasters

Yapifine Cool DS Fine Decorative Plaster Mortar - Fine

Yapifine Cool DS Coarse Decorative Plaster Mortar - Coarse
